

NEW MSI Dyna-Clamp

Easy-to-use

Versatile Tension Meter

The MSI Dyna-Clamp is the answer for wire rope tension measuring. Its durable, easy-to-use design saves time and money by eliminating the need to have multiple sheaves to accommodate different rope diameters.

1

Easily measure wire ropes ranging from 3/16-in to 1-in diameters without changing or adjusting sheaves and bobbins

2

Up to eight wire rope calibrations are included at the time of purchase

3

Easy-turn, power screw is simpler to use than lever-style rope engagement, especially on larger wire rope diameters

4

Heavy duty, cast aluminum frame with an IP65 rating create a durable unit

5

Built-in, dual-line display for multiple readings, meaning operators won't need to use cell phones to take readings

6

Powered by two AA batteries for 24 hours

7

Made in the U.S.A.

APPLICATIONS

- Tower and stack guy wires
- Pretensioned cable barriers
- Bridges
- Elevators
- Winch ropes
- Overhead electric transit wires
- Fall arrest systems
- Aircraft cables and utilities
- Zip lines
